

Would you like to consistently improve all of these in one kinesiology session?*

- Ankylosing Spondylitis
- Arthritis
- Chronic Fatigue
- Chronic Pain
- Concussion
- Dehydration
- Dizziness
- Fibromyalgia
- Headache
- Hypertonic Muscles
- Knee Pain
- Low Back Pain
- Mercury Toxicity
- Migraines
- Osgood-Schlatter
- Osteoarthritis
- Sinus
- Stress
- Survival
- TMJ
- Trauma

Energy Kinesiology KINERGETICS

ALLEVIATING CHRONIC PAIN

NEW 4 day Advanced Workshop

November 13-16, 2017, Deloraine, TAS - Investment \$900

BNT November 12th. Investment \$225. Repeat \$45. No prerequisites

Kinergetics Unit 6 Trauma. Nov 17/18. \$450. Prerequisite Unit 4 or Chronic Pain.

Correct the CAUSE of Chronic Pain - fight/flight

- Taught by Philip Rafferty, founder of Kinergetics and RESET. Philip has 35 years kinesiology experience and has done hundreds of chronic pain demonstrations in over 20 countries.
- Condensed from 15 days of Kinergetics workshops, with only the corrections relating to Chronic Pain. Correct major Reactive and Hypertonic muscles neurologically by changing the Fight/Flight reaction.
- Credit given for previously attended Kinergetics workshops
- Free airport pickup and reasonably priced accommodation available

Prerequisites for Chronic Pain workshop:

Level 2 AKA or equivalent
Proficiency TFH 14 muscles, Reactive Muscles
Training with TFH 42 muscles

Plus one of:

Touch For Health Instructor + 500 client hours
Applied Physiology + 500 client hours
PKP + 500 client hours
750 client hours

Philip is a Hyperton-X Instructor with thousands of hours experience. It used to take him over 90 minutes to reset hundreds of hypertonic muscles.

Now it takes 10 minutes, by changing fight/flight!

115 YouTube video testimonials (average correction time 20 minutes)

YouTube philip rafferty channel playlists (24 fibromyalgia)

Over 300 written testimonials on kinergetics-reset.com

***It is easy to improve any of these conditions in about 20 minutes - by correcting the cause. The difficult part is maintaining the improvements! This is what I teach in the workshop.**
